

U.S. Application No. 10/816,929  
Notice of Allowance dated: March 4, 2005

REMARKS/ARGUMENTS

Favorable consideration and entry of this amendment is respectfully requested.

Upon entry of the present amendment, Claims 18-21, 23, 25 and 30-31 will be active in the present application, Claims 22 and 24 having been canceled and respectively replaced by newly added Claims 29-30 by the present amendment.

The present amendment corrects transcription errors introduced into Claims 22 and 24 by the Preliminary Amendment filed April 5, 2004. In that preliminary amendment, errors in the subscripts of the recited compounds were inadvertently introduced, and are corrected herewith. New Claims 29 and 30 are substantively identical to original Claims 22 and 24 and no new matter has been added. Also, the dependencies of Claims 23 and 25 have been corrected to depend from Claims 29 and 30, respectively,

The existence of the errors corrected herewith was only discovered in a post-allowance review of the application including the claims. Applicants have acted diligently to correct these errors. The present amendment to dependent claims does not alter the scope of the independent claims and does not raise new issues requiring further consideration and/or search.

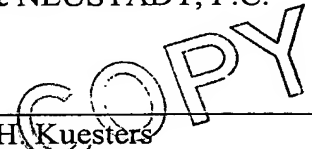

Accordingly, entry of the present amendment is believed to be in order and is respectfully requested.

Respectfully submitted,
